

How to get VIP SeDiv access

Follow these steps after purchase. When your license **.txt** file is returned, VIP SeDiv is activated automatically.

VIP SeDiv access required

New members and users who are not VIP SeDiv must send a **License Request** with their payment receipt photo. When the license email returns the **.txt** license file, VIP SeDiv is activated automatically. Then you can use **Active License SeDiv** and all VIP SeDiv areas.

Step 1 — Create an account (or sign in)

Go to <https://forum.hdd-land.com> and register a new account, or sign in if you already have one. Use a real email address so you can receive Message Center notifications.

Step 2 — Open License Request

Open **Message Center**. In the left menu choose **License Request**.

Step 3 — Upload your payment receipt

Choose your payment receipt photo (JPG, PNG, WEBP, or PDF), then click **Send VIP / license request**. A Message Center ticket is created and the receipt is emailed to the license team with a tracking token (example: **VBDL-REQ-.....**).

Step 4 — Wait for the license .txt file

The license team replies with your license as a **.txt** file. The system imports that reply into your same ticket automatically. Status changes from **waiting for license** to **VIP active**.

Step 5 — VIP SeDiv is activated automatically

You do **not** need a separate VIP approval click for a normal successful request. When the **.txt** license is received, VIP SeDiv access is turned on. If menus do not update immediately, refresh the page or sign out and sign in again.

Step 6 — Use Active License SeDiv

Open **active license sediv** from Message Center:

https://forum.hdd-land.com/vbdlmanager/sediv_active_license.php

Upload your **.lic** file. When activation returns a **.src** file, it is posted into your VIP ticket for download.

Status meanings

Status	Meaning
